NOTICE TO ONTARIO MOTORISTS

Re Unsatisfied Judgment Fund Fee

Under an assendment to the Highbury Traffic Act entends in 1947, provides were made for the centrols of an Unantified Judgment Fand out of which will be paid, in the manner prescribed, indigenent for personal injuries and property damage survained by reason of the operation of generalized and property damage survained by reason of the operation of generalized with the control of the judgment debtors.

"The method prescribed for creating the Fund is the collection of a special fee, when required, from each person to whom is issued either an operator's

While this legislation has been in effect since the 1st of July, 1947, the Unsatisfied Judgment Fund Fee has been collected only since January

As there is not now sufficient in the Fund to pay judgments for a period of a year, an Ussatisfied Judgment Fund Fen of 50c will be collected from each person so whom is issued a 1930 operator's or chantieur's licence.

Fire still remains a threat and will for a long time be
a threat against which sweytness must hake every necessary
presention. It is a firsy monster which devrous everything
prich it can consume. In the winking of an eye threasaws start a fire which does not subbe winking of an eye threasaws start a fire which does not subbe winking of an eye threasaws that a fire which does not subbe winking of an eye threasaws to the consume. The consume, But
and subtain.

The Fire Marnhall's report shows that 11d lives were
less in the past year in Ontain, whith 467 parsons were
highred. In the last quentry a long, a woman and it colslargest the Pervinces in the year 1946 there were 117,778
time for a loss of \$17,800,085. This means a decrease formarkety of \$45 fires and of losses to the amount of \$2,68,064.

Causes of fires are many of them as old as the bits.

Causes of firms are manay of them as and as the hills.

Causes of firms are manay of them as and as the hills.

Causes of firms are managed to the managed to the cause of them are managed to the cause of them are managed to the cause of th barns. The one spontaneous combustion fire caused did \$15,454 loss. Petrolsum and its products are blamed in 343

SUGGESTIONS FOR HEALTHF
Eat right for health — follow a balanced diet.
Avoid dirk — practice cleaniness.
Avoid contact with persons known to be suffering from
normaleshie diseases — including colds. Avoid contact with persons known as a surprise of the inventorial diseases—including colds.

Rainz before and after eating.

Avoid constipation.

If disting is necessary, diet only under the instruction

your physician; thours sleep daily.

Get at least sight hours sleep daily.

Be sure you and the members of your family have been municipally and the members of your family have been municipals.

Avoid chills if overheated.

Avoid chills if overheated.

Exercise moderately in open air — unless your physi-an advices otherwise.

if your baking isn't better!

That's why with Robin Hood Flour, you can't lose - you must win!

After two bakings—you'se either completely satisfied that Robin Hood All-Purpose Flour makes all your baking better—or you get your money back, plus 10%.

No alriage attached? The good-an-gold certificate, guarantees this — and any dealer will gladly return your money, with a beaut of 10% if you return the unused portion of your bag of Robin Hood Flour.

There's a reason, of course. We're confident you'll find Robin Hood Flour will give you the best baking results—for all your baking. Light tender brieds. Lusticious cakes. Flaky pastrics, Robin Hood actually has a unique record of baking successes.

Take a look at the records 4 out of 5 women who will First Prizes use Robin Hood for all their baking.

Better order some Robin Hood: If it's not the best flour you've ever used, YOU make meney!

CANADA'S FAVOURITE TOMATO JUICE

Try it steaming hot. Serve it this way on cold blustering days when the children come home from school or back from play. It's delicious—gardon-fresh and flavour-rich. To prepare it this way, heat through, but don't boil. Libby's is an excellent OMATO JUICE

dietary source of the vitamios A and C which you want to protect because an insufficiency of these vitamins lessens resistance to colds and other winter Infections. See that your family enjoys at least one hig glassful of Libby's every day.

Ontario Hydro forges ahead!

II NEW POWER PLANTS-OVER 1,600,000 HPI

A rising level of industrial activity, a rapid increase in commercial and domestic loads, and widespread extensions to rural service in Onnario have brought about a very large growth in the use of electrical energy.

growth in the use or electrical energy.

To meet this increased demand and to provide for future requirements, The Hydro-Electric Power Commission of Contario has well noder way a large scale expansion and development program. Alroad #11 new power projects will did to Ontario's power supply more than 1,200,000 kiloswats force 1,600,000 horsepower). Of this amount 16,300 key (217,000 key) into which goldered to Hydro Consumer's from 4 completed projects. A further 460,000 key (616,500 HE) will become waitable in 1979 and 1979 and the balance in 1971 and 1979.

available in 1950 and the balance in 1951 and 1952.

The Commission is also engaged in a frequency-conversion program in a section of the province, so that 60 cycles will be the standard frequency throughout Ontario.

This huge two-fold program will easile the Commission to provide still better service to the industries, farms and homes of Ontario, contributing to a high standard of living and helping to maintain production at peak levels. Occario Hydron' Das Joschims Development, Chroma Rhart, \$58,000 few (460,000 HP).

THIS STORY

This is a story of achievement and service... and 1949 is the greatest chapter in the unfolding history of The Great-West Life.

west Life.

Pity-eight years of exceptional growth and pro-press are reflected in the Annual Statement for 1949. The Company now provides protection totaling \$1.500,000,000 for \$42,500 polecybolters continued to the continued of the continued of the fally invested assets, held the enect policybolder obligations, have grown to \$357,000,000.

During 1949, \$50 millions were paid or credited to living policyholders and beneficiaries. The Great-West Life agency organization, in the same period, arranged 59,000 new policies amouaning to \$228 millions. The story, in full, ill told in the fifty-eighth Annual Bussement, now available on requests

The two thousand men and women of The Great-West Life take pride in this record of faithful stewardship and expanding service.

1946 \$157,000,000 | 1946 331,000,000

for certific in Madleville, 26 count o twent. Fy mail in Capach 97.30 per year; \$4.00 for six manufaq \$8.30 for U see

Less than fire years since the wark close, the French port of Dunktik which appeared so often in the news in the momentum war part of in the early fortile has now regained the place it held among French ports before that struggle. Not counting performs hadded Dunktik is the struggle. Not counting performs hadded Dunktik is the year that the struggle of the place of the place which the Second World War caused among the nations. Petroleum has not yet regained it is pre-war volume but in 1850 Dunktik will receive a number of tankers with case of the pre-period with the second to the profit is shown by 1800 Algorithm. The growth of the port is shown by 1800 Algorithm grand total of 378,00% to tank in inginificent amount of petroleum is not counted in this.

The sudden growth of trade is a hopeful sign. In 1867. The sudden growth of trade is a hopeful sign. In 1867.

petroleum is not counted in this.

The sudden growth of trade is a hopeful sign. In 1847
the total volume of shipping was only \$70,455 tons and in
1848 it increased to 2,408,31 tons. The port is very near
the pre-war volume, which, in 1933, was \$245,000 tons.

Those are healthy figures which speak well for the

RECORD OF TOURIST VISITORS

Bi per cent of all fourist valued permits issued in Canada last year were issued to tourists entering Oncario, according to the Ontario Government Services report for February. Cars entering Ontario numbered 1,200,881 out of the total entering Canada of 1,980,882.

The accessfullity of the crowded nonthematern part for the Ontario Canada is the Bird Distilet States is one of the attractions of Canada is the

The united colored to the Considers and Americans can come and go across the International Boundary would suggest that this part of the Dominion will continue to three heavily on the visitors from the northeastern states.

The figures issued by the Ontario Government Offices seport offer the prospects that the year 1950 will set a new high record of visitors to all parts of Canada.

EWENDING THE SEAS

Ever since VE Day British naval experts have been playing a large part in the International Mine Clearance Board, whose task it is to sweep the seas clear of stray mines. This has entailed the greatest mine sweeping operation in history and Li. Commander P. G. Sharj of the Royal Navy, one of the technical advisors to the Board, told Britishers are being the country of the Royal Navy.

Royal Navy, one of the technical advisers to the Board, told Britishers something about it recently.

Of the six hundred thousand mines laid during the war many have "died," due to a deterioration in the material from which they were made. Others have broken from their moorings and drifted with the tides or currents from their moorings and drilled with the idea or currents but fortunately they are fitted with a device to make. Hem 3afe when they break away. The remainder, some scholled as dangerous untill 1878, have had to be swept, by an operation controlled from London by Great Britain, the Opinid States, France and Russia. At the peak of this operation one thousand nine hundred sweepers from fifteen countries were taking part, not only Alleid ahigh but those from Germany, Huly, mutrial Sweedon and Drivery, too. Thirty nine thousand mines have been swept since the war ended and the Board has been able to got again to alleight after a which have been closed in some positions one incomercial programment of the control of the contro

BOOK NEGLECT

"Are you ever going to read "You were happy to receive

us, Said you'd always hold us dear. But unnoticed now you leave us, Just m though we were not here." "Bay the books upon the shelves."
Time was we thought you'd need us,
Ent you've left us to
9 ourselves.

And I answer: "Books, I need you!
To your shelves some day I'll climb.
Blow the dust from you and read you,
If I ever find the
Lime." "Not the alightest care you show us.

Here unheeded now we dwell,
But if you should come to know us.

We have stirring tales to tell.

WORLD'S POOD PROBLEM

WORLD'S FOOD PROBLEM
That the world can protion somoly for everybody on
earth is the view of the New York Time, the obtacles in
the way being political and in a narrow same, economic.
The newspaper sees some ground for optimism in a
statement by the United States Department of Agriculture
that the problem of producing is not so great as that of a tributing in today's world. The Times says that the United
Nations FAO has estimated that "a larger presentage of
the world's population in new underfed than was underfed
the world's population in new underfed than was underfed
to world's population in new underfed than was underfed
to world's population in new today to supply has risen by
1, for a per cont, depending on the only population has increased by 8 or 10 per convey.

If sail the available food were werely distributed throughout
the surf, million of tons of crease, must, fruits and prose world, millions of tons of cereals, meat, fruits and vego-thies would still be needed to provide adequate eating

ndards for everybody."
Turning to the United States, it says that in surplus Turning to the United States, it may that in surplus sourties, more food could and would be produced! If there started for it. "We have," says The Turnes, "field started for it. "We have," says The Turnes, "field started for the satisful holding downwards and the satisful holding downwards and the satisful holding down settled the satisful holding down settled for the satisful holding downs of the satisful holding downs and the satisful holding downs are satisful holding downs and the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs are satisful holding downs as the satisful holding downs are satisful holding downs ar

to de ao, some lastingly subtractory way of paying for the food must be found to food must be found to food of the subtraction and perhaps a better one—of—distill another metadered millions with enough to said it to improve agricultural countries. Point Four contains some provision for doing the food of t

N.Y. Rangers Defeat Embattled Smythe Quelched Hawks to Take Fourth Place; By Weston Adams **Conacher Waiting for Decision**

By HARRY ECCLES Hockey Results (Chandlan Frees Shaff Writer)
The embettled Chicago Block
Hawks today must have lost all
hope of getting out of the cellar
in the National Hockey League.
They were besten 5-3 by the
New York Rangers in Thursday,
night's only game, coming on too
of the 9-2 shellacking sulfered by
the Hawks iii Detroit on Wednerday.

* By contrast this moderate winter lacks much of the picturesqueness of recent winters or of access of olden times when there were no ears and when the horses, sleighs and cutters were the traine in an old-fashloned winter. For winter's style has changed from what it was in the years a

and cutters were the traffic in an old-fashloned winter. For subtrier's siyle has changed from what it was in the years a generation or more ago. Few recent whiters have brought subtrief and the property of the property of the property of the property of the sentent of removing so much of what became picturesque in old days. In pre-car times horses and sigling or cutter were the only frainfic.

A scene of an old-fashloned winter is drawn by the Christian Belence Montion. To many it must seen like an impossible picture. Young boys an amy it must seen like an impossible picture. Young boys and coarry winters of the content days. It is the word drawing of a snow-fluid road.

"A mow-filled road is rare in these days of automobiles and powerful mechanists plows. But there are some of us who remember — perhaps with a certain degree of nostal go appreciation.— those days when a contriviny road by inner-deep in snow most of the white.

To the farmer's wife it spelled a long period of isolation in which she equal settle down and finish her bridded rug. To the boy the snow-filled road was a wast white witderness which challenged his pionesting instinct. It was the, in his new his boots, who rower nearbod as doubt in some waste of north his time whis boots, who rower nearbod as doubt his seen which challenged his pionesting instinct. It was the his his new his boots, who rower nearbod as doubt his seen was been as constraint.

new hip booss, who broke the signag trail to the school-house morting efter a heavy move.

"When the snow reached a depth that made walking difficult for the horses, farmers hitched their biggest teams to the huge wooden roller which bussally was "stored" behind the church. The snow was rolled and re-rolled until it was as firm and as flat as a freshly ironed table numer.

"Viewed under the magic of a full winter moon, the snow-filled road was a satin-carpeted sists stretching be-yond the eye's reach. The stark branches of a towering elm traced dark fingers on the snow, forming intricate, elm inced dark fingers on the mow, forming intricate, moving patterns of light and andow to the muted tune of the telephone wires placked by some unseen hand. Seni-nciellite fence posts, their peaked white cape set as is justify angles, fosced off white night clothes and stretched them-selves in grottengue shapes across the illuminated surface. The mow-filled road — especially in three days and the complete of the complete of the complete of the com-tant complete.

RED CROSS CAMPAIGN PLAN

RED CHOSS CAMPATON FLAW
Campaign for \$5,000,000 has been planned to begin
March I for the Canadian Red Cross in its work of mercy,
Its work continues to grew as II scenario its many services.
The fields covered by the Society took on no long age
Antonian Free Bindor Transitution, its work in this respect
and muring services will be budgeted for \$832,697 after deducting revenue and allocated funds. Critilian vertical retable \$1,700 while research and instructional projects will
take \$83,700 while research and instructional projects will
take \$25,700 while research and instructional projects will
take \$25,100 while research and instructional projects
will be \$25,100 while research and instructional projects
will be \$25,100 while the services of the servi

The Free Blood Service is said to be the greatest pub-health venture ever undertaken by any voluntary or leation anywhere.

gainstide anywhere.
The expanding work of the Society is the proof of the service it is giving in so many forms to the people. Newspers have tool of recent disasters by floods. This year the unount for Disaster Relief will total \$23,550 which will enable the Red Cross to cover immediately whatever emerable the Red Cross to cover immediately whateve able the Red Cross to cover immediately

gency requirements arise.

That the campaign will have the fullest co-operation of the people in every community across the Dominion is recognised.

SOLUTION BY HELICOPIES

SOLUTION BY HELLOOPTER
Larger clitics are looking towards the helicopter as a
solution of service in metropolitan areas regarding mail,
passenger and express service. The Part Atthurthy of New
York is "willing to provide a landing space on the roof of
the but serminal near Times Square." Outer communities
want helicopter service on account of the low ground speed
of motor trucks carrying mail and goods to and from air
person and the proper has experimental
state. It can contry as many as invest-free measurers and

The helicopter has emerged from the experimental argument is carry as many as twenty-five passengers and it is certain that its larger followers will carry vives as many. Bellopter has lines could open permission of the more than the could be commented that the roles and deliver profit to communities that when the roles and deliver profit to communities that the role and deliver profit to communities that help could be compared to the country of the co

passenge cars.

This development indicates how problems of our traffic will find a way of solving themselves when they become too pressing in the greater cities.

Thank you, Canadian motorists, for making 1949 the greatest year in Ford of Canada history.

In 1949, your preference for the new Ford car made it Canada's No. 1 choice ... the leader in sales over all other makes. In addition, you bought the new Meteor car at a spectacular rate to give it third place in sales in the low-price field . . . in its first full year of sales.

Sales leadership in the industry presents us with a challenge - a challenge which we accept to continue to bold your preference for Ford of Canada products by continuing to deserve it through supplying better than ever products and better than ever service.

To serve you . . . we pledge the facilities of the finest Dealer organization in Canada-more than 1100 Ford-Monarch and Mercury-Lincoln-Meteor Dealers from coast to coast, dedicated to providing both their customers and their communities with friendly,

Westinghouse "DX" Television is designed for Canadian conditions of "fringe" reception . . . to give you a clearer picture and finer sound reproduction even on programs from relatively distant stations.

To do this, Westinghouse employs 26 tubes (instead of 14 to 20) . . . clear-vision 10" viewing tube . . . and a 10" speaker in an improved sound system to match the picture.

Westinghouse Television is something you will want to live with . . . that you will appreciate more and more as time goes on.

Your Westinghouse dealer employs trained television technicians. Consult bim about television in your locality.

GENERAL MOTORS announces TWO NEW GREAT

BRITAIN'S FINEST FAMOUS LOW-PRICED CAR

They're lower in price and bigher than ever in quality - the brand new British-built Vauxhalls for 1950! They're more beautiful - smart and well-groomed, inside and out. In every detail you'll see evidence of Vauxhall's traditional British craftsmanshin.

And Vauxhall - judged by any standards - is a high performance car. In heavy traffic, on steep hills, in deep snow - wherever you've found driving a burden, you'll be especially delighted with Vauxhall's quick response, ample

WYVERN 4 CYL.

^{\$}1625

power, sure control. But your greatest pleasure comes when you learn how little it costs to drive. For, despite its high performance, Vauxhall is startlingly thrifty. That's because superb British engineering has produced an ideal power-toweight ratio.

VELOX 6 CYL.

VALIXITALL SPECIAL FEATURES Low price . . . Contoured seats with "Tension Sprung" springs . . . Genuine leather upholstery in the Velox "6"; Bedford cloth trim in the Wyvern "4" . . . Built-in heater and defroster for comfort and safety in cold weather . . . Thrifty four- and six-cylinder valve-in-head engines with high pressure positive feed lubrication . . . Automatic turning signals operated from control an steering column . . . Standard S.A.E. auts and balts parts and service facilities everywhere in Canada . . . Off-the-floor hand brake . . . steering column gear shift . . . Independent front wheel suspansion . . . Body and chassis one unit of welded steel for greater strength, greater page and chasts one unit or welcot steel for greater strength, grt safety, less weight . . . roomy trunk . . Hydraulic shock absorbers, front and reac . . . Pre-focus type headlights and mech-anically operated windshield wipers.

\$\text{prices quoted are delivered in Selleville and include standard factory equipment, Deminion Sales and Excise Taxes, but not including License Fee, Provincial or Municipal Taxes where these apply.

WEATHER AND MAN

Weather is more and more attracting the attention of man. In the February issue of C.I.L. "Oval!" there appears an interesting article "Will it Four!" there appears an interesting article "Will it Four!" by H. N. de the Popt when the West of More and More article "Will it Four!" by H. N. de the Popt when the West of More article "West of More and More article "West of Mor

than any other single item in his life — with the possible screption of tax weather gives jobe of all next, to keep Canadisan the weather gives jobe of all next, to keep Canadisan to the weather gives and the sements, Mr. Lash says. The every standard of living of within we are no proud may be due, in some part, to the storminess of the country in which we live.

The constant change stimulates the body and brain to greater work and higher intellectual effort than it the rule in countries of more equable and language under the countries of more equable and language where the second countries of more equable and language the second countries of more equally and the second countries of th

Most Ganadians, despite the fact that the weather is a favorite conversation piece, their most constant enemy and their greatest benefactor in disguise, know very little about the conditions. A weather-beeding circulation system may cover an entire continent, more with the speed of an express train and release in just one storm the energy equivalent to thousands of atomic bombs.

squiralent to thousands of atomic bombs.

"What cause weather?" axis the scientist, and the
snawer ill "The ultimate cause may be sought in the tendency of old mother earth to equative the benefits of heat
and energy that she received from the sun. The story of
weather is to a large extent the story of the schange of
energy between the equatorial and polar regions. A balnce is never quite achieved nor is the attempt made in
quite as smooth a fashion as we sufferent from heat waves

BLACK'S WHOLESALE

for Canadian curling when East and West first meti

From Quebec City to Kincardine; Conada's planeer curiers had gathered on the Lee III Budington Bay, II was a citsp Fabruary day In 1858 and the besthers of the bream were meeting for the country's first Bast-West Bonspiel;

The country's first best-West Benspiel:
Thipty-wer inkine-ortenme-should their
encouragement round the best. Many
easterners used beavy lene "stenes", the
westerners had genites. Bennsted figures
bruched the Jew with new vigour as the
scene grow cleans But when the lest
sheen skidded to a stop, like westerners
sand up a cheery. They had wen by
14 sadht:

Today the East-West Benepiel is one of our major sporting events. With III keen comsetition and feam spirit it's an example pention and tour spirit its an example of good sportismenship. And logother feem spirit and sportismenship keep our opportunities for work and play in Canada 157 unlimited.

YOU'RE GONNA BUST A BUTTON WHEN YOU SEE HUTTON STRUTTING

THE BELLE — Still full of bolsterous shemmigans, Betty Hutton co-durring with Victor Mature and William Demarest, proves she can take the ups and downs as they come in 'Red, flot and Blue,' now einstraining Belle Theatre sudicencet. Leon Errol's funniest comedy "Beck Stage Follies," is an added attraction.

Civil Marriage Law Is Considered By Ontario Govt.

No Decision Reached Yet Says Provincial Secretary

Teronto, Feb. 17 -- (CF) -- The Ontario government is consid-ag introducing legislation to permit civil marriages in Ontario by gistrates and judges, Provincial Secretary Arthur Welsh said

At present matriages may legally be performed only by ordatoes ministers and based or religious groups such as the Selvation Army. The government has not yet reached a decision. Mr. Welsh said eivil marriages have been advocated by some churches whom doctrine forbids marriage of certain divorces

Mr. Weish said minor changes to the Marriage Act.

It was "possible" that the power to perform marriage cere
would be extended after more consideration.

SHIPPING AND TRADE

BRITEFING AND TRADE

Britons have been building ablus since time immencelal and they have in their craft down the centuries bean
among the greatest explorers and trading people of history.

What Britain's seamen schleved from the time of Cabot
to the present is one of the achievement stories which will
bear repeating all down the centuries. In the great era
of tiscovery the British bies, France, The Netherlands, and or discovery the British Liles, France, The Netherlands, and Spain performed a world service in expanding civilization to many parts of the earth. The development of the Am-ericas, of South Africa, Australia, New Zealand and other parts of the earth give the exploring peoples a fame which will endure.

Britons are still the world's greatest builders of ships. At the end of last year British shipyards had nearly 3,000. On gross tons of shipping under construction, which amounted to \$5 per cont of the total tonasge build work world. Improvement which was completed during the pear, the best year since the war and the tonnage which were the second to the spear that the second the second to the second which was compensed the highest since 1946. British was commenced the highest since 1946. British was 12 million gross tons, 38 per cent of the world's total. Learnchings were 13 million tons or 40 per cent of the world's output, and complete the world's total. What British has done for world's highling is the accomplete the world's world's altitude to the world shipping is the accomplication of the world with the world will be the second the world's shipping so that contributed the product which have widened the world's shipping so that in a very real way the British shipping so that in a very real way the British share the world will be the shipping ship has contributed the product which have widened the world's shipping so that in a very real way the British share the world will be sufficient to the still be shipping to the contributed the product which have widened the world's shipping so that in a very real way the British share have borne a very great share in the opening up of the entire world to commerce of all radious. Britons are still the world's greatest builders of ships.

CRIVALINY

Raidegh spread his aither clouk in the mire to inepunsoiled a Queen's feet.

It is a statement of the contemporary of Lincoln, was a fiety orator who often spoke
or boldly against slavery. In this later years he wore a
heavy black wig. At the conclusion of a moving speech he
was asted by a wornan sholdlinels for a lock of this hair.

Removing the wig, he bowed and said: "Privy, takes it,
fig. much be early-sized.

Remoting the wig, he bowed and said: "Privy, take it, madam."
So much for gallanty.
But just how is one incensive adequately the chiruly.
But just how is one incensive adequately the chiruly.

e Probably you had to look twice at this picture to be sure you'd seen it correctly.

No wonder. For of course you know that, no matter how much houses may look alike, the families who live in them differ in countless ways.

No other family on your street has, for instance, exactly the same number of members at the same ages, the same income, tax bills, rent and other living expenses m your family. Nor can any of those families match your family's plans and dreams for the future - or its special needs for life insurance.

To help you meet those special needs, your life insurance company needs, your life insurance, company serves you lifrough a representative. He is trained to analyze the problems you face in trying to provide security for yourself and your family. The income-protection plan he suggests is designed for you and you alone.

So when your life insurance man calls, confide in him. He's always ready m help you ill any way he can.

More than a million Canadian fami-lies have benefited by the advice and experience of the modern life insurance company representative!

Rumors Terrific Blast Heard On Russ Territory

Oslo, Norway, Feb. 18—(CP) "Unconfirmed reports received early today from Kirkenes, in northern Norway, said a terri-fic explosion was heard on Rus-sian territory Tuesday in or mage the nickel producing town of Salmijaervi, in the Petsamo

ires.
This area was taken from Fin-fand by the Soviet Union under the terms of the peace fresty between the two coun-tries after the Second World

Was.

The unconfirmed reports said effective power was shut off for Bohoura in Salmijaervi.
Salmijaervi, known as the faickel town because of the sickel deposits in the area, lies on the Russis aide of a lake near Branvik, a Norwegian town in be south Varanger country.

Why Seagram's sells Canada first

This advertisement is an adaptation of one of a series created by The House of Seagram to tell the peoples of other lands about Canada and her various products. For the past two years this campaign has been appearing in newspapers and magazines printed in many languages and circulated through-

out the world. Our prosperity is based on our

ability to sell our products to other countries. Every Canadian has a personal stake in foreign trade, for one out of every three dollars of Canada's national income results from our trade abroad. The more that the peoples

of other countries know of the quality, variety and prestige of our products, the more likely they are to buy from us.

We feel that the horizon of industry does not terminate at the boundary line of its plants; it has a broader horizon, a farther

view-this view embraces the entire Dominion. That is why The House of Seagram believes that it is in the interest of every Canadian manufacturer to help the sale of all Canadian products in foreign markets. It is in this spirit that these advertisements are being published throughout the world.

The House of Seagram

 If all the people who work for the telephone company, And all the people who earn a living by making the things the telephone company needs,

And all the people who bave their savings invested in the telephone company,

And all the people who depend on good telephone service to run their businesses and manage their homes;

If all these people, with their families, lived in one city,

This City-With-No-Name would be by far the largest in Conada, and one of the largest in the world.

Keeping pure with the growing needs of communities everywhere for more and better polephane service has pales fets of work and late of money. work and lots of money.

Cody a Raincielly healthy telephone company can carry so this hig job. Telephone scare, employees, abareholders—everyone lies a vital interest in a service that means so much to the welfers of so meny people.

THE BELL TELEPHONE COMPANY OF CANADA

Owned and operated by Canadians for Canadians

Write for This Free Rookles It explains the duller and requirements of m Executor and how the fees of an Executor are fixed. It gives you interesting and valuable information — whether your estate is small or large.

Few people have any idea of the tremendous amount of work and skill involved in managing an estate.

Specialists are needed to deal with Taxes, Insurance, Investments, Real Estate and Mortgages. Expert Accounting is also necessary to prepare the detailed statements required by the courts

As Executor, National Trust makes available the services of all the specialists required . . . immediately . . . and at no extra cost. Your estate can thus be managed to the greatest benefit of your family. Often savings can be effected far in excess of fees - and the fees allowable by the court are the same to an individual Executor as to National Trust.

Your inquiries will be welcomed.

FRANCIS HOUSE FURNISHINGS

By Ed Reed

rin Bendelsted 1865 — Entellipsocor Betshif Published Daily by THE OSTABIO DITELLITRICES, LIMIT Satisville, Ontario, Consele.

of The Canadian Daily Sewspaper Association; Mu A Press is excitatively entitled to use for republication of all nove to credited to it or to The Associated System, or Southern, in this is and also the local new scalabled therein

Newspapers often record the story of destruction of no and life by fire which breaks out in the hours when upants of the homes are in many cases helpless to safe-red their charges from such disaster. This winter there have been many fires of this kind

wholeted. While this news is saddening and depressing, it is ashful as ill serves as a warning that unless great care is askern few might break out anywher in the defenceless boars of this night and threaten the lives of all the occur. These accounts of disastrous first help to keep before he public the thought of unfailing vigitance in taking warry andegurad against an outbreak by fire.

Destruction of property by fire is one of the sport-hale incide all far. The total of this per is than much less

cars is very great and means that there is that much less ealth. But the monetary loss caused by destruction is carable, It is when lives are lost that the calamity is fully

a very careful to safeguard his possessions and the lives in his keeping against such tragedy.

THESE COLDER SPELLS

Stern winter it inght new be called after a few days wairly severe 'weather, rather like much of the weather of ther winter seasons. But after all a lifetime of experience has taught the people of this clims to look for snow

Many persons may feel rather satisfied now as it might be an indication that when the usual time of the and of winter has come, the outlook will be more likely to be springillie than it the most of the winter had surprised ne with its moderation.

weryone with its moderation.
After a fairly severe winter there is given a satisfaction
in having endured its cold and its winds in the expectation
that the weather thereafter will be springlike and season-

IN GOOD HEART

The phrase is a most poverful and of any language. Property used, I is most poverful and of any language. Property used, I is most poverful and the phrase property used, I is most poverful and in the phrase in the phrase property of the phrase phrase one would think of applying to soil. But what a wealth of meaning it contains the phrase phrase property of the phrase phras

An Important Announcement

about

MARGENE

When the sale of Margarine in Canada became legal 12 months ago, MARGENE-was the first brand to appear on the market.

At that time Margarine had been banned from Canada for 25 years. There was no way of knowing what flavour and what texture would best appeal to the Canadian palate.

In the intervening 12 months, Canada Packers has carried on week-to-week tests to find out exactly the flavour Canadians wish,

We feel we have it in the NEW MARGENE-the flavour and the texture Canadians like.

If you have not tasted the NEW MARGENE try it now.

SPREAD IT on hol toost. SERVE IT with hot vegetables RAKE with it.

You will like the NEW MARGENE

BETTER BAKING

That's Robin Hood's amazing pledge to you!

Strong words? Yes, and we more than back them up!

We not only offer you your money back - but your money back PLUS 10% - if after two bakings with Robin Hood All-Purpose Flour, you're not completely satisfied that your baking results are better.

There's a good-to-gold keetifloole in every bug that guarantees this ...

. . and any dealer will gladly refund your purchase price, plus 10%, if you return the unused portion of your bag of Robin Hood Flour,

Only Robin Hood Flour offers this unusual guarantee! And only Robin Hood Flour has this record of day-in, day-out success in all kinds of baking - light, tender

YOUR BAKING

breads, flaky pastries, luscious cakes, time after time? Take a look m Robin Hood's unique record:

4 out of 5 women who win First Prizes for home-baking use Robin Hood Flour!

Only such a record of superiority could make possible such a guarantee!

Better order some Robin Hood Flour today, One baking - and you'll realize why First Price winners insist on it for all their baking.

ACCURACY is the keynote of every EATON Ad!

Accuracy in Describing Glassware . . . When we use the term "cut glass," we mean that the design has been entirely made by a cutting implement. Glass with moulded designs finished on a cutting wheel | described as "pressed and cut."

This is one of the many ways in which we apply the hard-and-last rule that—

Justice Minister Admits Mistake In the Commons

Ottaws, Feb. 24 (CP)— An an-nouncement in the Rouse of Com-mons that prosecutions will be sunched against an alleged ille-all psice-lixing combine in the match industry was all a big mis-

tice Minister Garson admit Justice Minister Garson admit-ted that fact Thurnday as he rose to tell the Commons he was wrong Wednesday when he told the Commons the prosecutions would be instituted. He had meant an alleged combine ill the flat-glass industry would ill pro-

secuted.

No decision has been made on whether or not the match industry will be prosecuted, he said.

Mr. Garson said he had nistaken a question asked by Stanley Knowles (CCF—Winnipeg North Centro).

Knowles (CCF-wintupe crow-bentre). Mr. Knowles questlon was can be minister of justice "say whether a decision has yet been eached in the matter of prosecu-ing bose connected with the al-sged combine in the match in-lastry?"

highty?"

Mr. Gerson's terse reply was
the answer N yes, a prosecution
will be launched."
Speaking in caim, judictal
ones, Mr. Gerson told the House
fourday he hill misunderstood
he question. He had thought Mr.
Knowles was referring to the
lat-glass and not the reatch ininstry.

Strength for the Day

Prospective Thurlow Builders

PLEASE NOTE Any person execting, altering, re-constructing, removing, repairing or wrecking any building, must first secure a building permit, and must lodge plans and particulary the Building permit, and must lodge plans and particulary the Building Inspector before any work ||| commenced. All houses must front on a Public Highway,

Every building must have a sultable foundation. The rpe of foundation will vary with location, type of land, size I foundation, etc.

of foundation, etc.

Every house shall cover a ground area of 400 sq. ft minimum, and no room shall be of tess than 100 sq. ft. Boor area. Celling height shall be 8 feet minimum, and all rooms shall have an outside window. A clothes closet, pantry and bathroom may be less than 100 sq. ft. floor area.

All buildings shall be 48 feet back from the centr

Lot area shall be not less than 5,000 square feet, a must have 40 feet frontage. No building shall be less th 3 feet from the lot side line. A garage shall not be attached to a house unless or tected by an approved fire-wall, and all garage openin shall lead to the outside sir.

A builder may use temporary living quarters such as a frailer or garage while constructing a bouse, provided it is approved by the Sanitary Department.

No trailer may be used an housing quarters except from April 15th, to November 15th, and any property owner must, first secure a trailer parking licence from the Township Council before allowing such trailer to park. All lumber used for building purposes must be sound and of good grade. Where re-claimed lumber is used, in must first be passed by the Building Inspector.

All chimneys shall be of Masonry construction, and shall have a wall thickness of not less than \$4's inches. No chimney that be the than 4 feet above the top of a flat roof and not less than 1 feet above the top of a flat roof and not less than 1 flat above the ridge of a pitched roof. See the Building inspector about location, foundation, and type of chimney.

Any further information required will be asvilable at any time. May we suggest that you contact the Building Imperior before you start to build and thus avoid difficul-ties later.

M. G. WRIGHT. Building Inspector, Township of Thurlow.

'HOME OF FORD AND MONARCH CARS"

Church Come to And faith for testing times Loery Life Your Commun The business of supplying the general public with timely news about Canadisa products and services, has been ours for many years. Through the various types of Outdoor Advertising-"24-Sheet" Posters, Painted Bulletins, Claude Neon Displays and Electric Spectaculars-we have helped to bring you information about the things business has to offer for the enrichment of life.

E:L.RUDDY

317 SPADINA AVENUE, TORONTO

For some time past, that service has taken the form of simple but powerful appeals such as you see illustrated here. These two 24-Sheet Posters -in full size and full colour-are being rotated month about in this and other cities and towns, in the interests of the communities concerned. They have been so well received in the past and have stimulated so much renewed interest in the Christian Church, that we are more than pleased to continue displaying them-

We also like to use some part of our facilities, at our own expense, for distinctly non-commercial contributions to the public welfare.

Black Cat Wedged Between Spring

Indianapolis, Feb. 27—(AP)—
A black cat named Jongle Baby
disappeared nine days ago from
the home They thought he ran away.
Obout the same time the family
satomobile developed a mysterlous speak, They thought # was a
rusty spring.

Tells of Four Years In Hands of Gestano

sentenced.

He lived 4 1-2 years under the gallows' shadow, and learned only after the war that his execution had been delayed because the British foreign office had put up a hostage for him.

The Fort of London Authority was formed by the British gov-ernment in 1908 to supplant a number of competing dock comp-sales on the Thames.

FESS has Designed

The Right Type of Burner For Your Home

HOMES 1. ... at HOT WATER OR STEAM

The medium sized home (3 to 8 rooms) can enjoy all the economy, comfort and rightfilly of Fess. Heat with a model designed specifically for smaller bollers.

HOMES WITH WARM AIR
A special long run models designed specifically for operation in homes that are heated by warm air. Quiet, compact and dependable, it is adjustable for all types of warm air heating.

LARGER HOMES WITH HOT WATER OR STEAM
A larger model designed with an adjustable tube for large
homes with hot wore, sheen or vapor heating. Great

\$6,600,000 paid to N.A.L. families

In 1949, the prosection of their North American Life policies was realized by thousands of families. The very essence of the Company's service like the payments made to its insured families, either to alleviate the families defect of death or to saist is ex-posited. Since manufactured the proposed pro-posites, Since the payment of the proposed pro-posites, Since the paid more than \$155,000,000 to policyowners and beneficiaries.

to postcrowners and penetuseres.
Safequarding the fource of many more families are
the 178,419 ordinary policies and 23,655 group
policy certificates which are now in force. These
afford the policyowners protection totalling over
\$554,000,000 and require the Company to hold
assets of over \$132,000,000.

The 69th Annual Report indicates the continued growth of the Company and its strong faantisi position. Highlights of the report are:

ADVICE to the LOVELORN

By BEATRICE PAIRFAX unted by her past indiscreti

Dear Miss Fairfax Deer Miss Falriax:
About a year ago I wrole you
for help with my problem, which
was the old story of a persisten
married man handing out a line
which I fell for. I had two dates
with him before writing you
you beliged me see what,
in mess I would make of my life a
it mens I would make of my life a
idd not see him after I came to
my senses.

f senses.

Since that time I met and fell love with a wonderful young an and we are to be married in

man not we are to be married in man and we are to be married in Man and we are to be married in May problem it that I still meet the married man on the street occasionally, as we work it he considerable and the married man for the married man and the married mar
